**Zoning
Regulations**

34. ZONING REGULATIONS

34.1 ZONING REGULATIONS

1. All future developments in the area covered under this plan shall be in conformity with the provisions of Master Plan for Pattambi Town.
2. For the implementation and enforcement of the proposal envisaged in the Master Plan for the town, areas have been zoned under various uses such as Residential zone, Commercial zone, Industrial zone, public and semi-public zone, Town centre, Dry agriculture zone, Wet agriculture zone, Traffic and transportation zone, Recreational zone, etc. Details regarding the nature of uses 'permitted' & uses 'restricted' in each zone are given in table 34.1. These regulations shall be enforced in conjunction with other specific provisions if any mentioned elsewhere in the Master Plan.
3. Uses '**Permitted**' in a zone cover the uses that can be normally accommodated in the relevant zone. Such uses may be permitted by the Secretary of Pattambi Municipality (herein after referred to as Secretary) if in accordance with other relevant rules/orders concerned in force. In some cases it may be possible to permit some other uses also which are not likely to affect the quality and environment in a zone specified for a particular use. Such cases have to be individually studied based on their performance characteristics and special location factors. Such cases which come under this category are classified as "**Uses Restricted 1 & Uses restricted 2**".
 - a. "**Uses Restricted 1**" category deals with the uses that shall be permitted by the Secretary, Pattambi municipality with the concurrence of the Town Planner of the District office of the Local Self Government Department (Planning), Palakkad. (hereinafter referred to as Town Planner)
 - b. "**Uses Restricted 2**" category deals with the uses that shall be permitted by the Secretary, Pattambi Municipality with the concurrence of the Chief Town Planner concerned of the Local Self Government Department (Planning). (hereinafter referred to as Chief Town Planner)
4. "Uses prohibited" enlists the various objectionable uses in each zone which shall not be permitted under normal circumstances. All uses which does not come under 'Uses Permitted' or 'Uses Restricted 1 / Uses Restricted 2' will be considered as '*Uses prohibited*'
5. Any use which is not specified either in the 'Uses Permitted', 'Uses Restricted 1' & 'Uses Restricted 2' of a particular use zone, but is of similar or ancillary nature to the uses permitted or uses restricted in a zone, may be permitted in such zone with the concurrence of the Town Planner.

6. Zoning regulations are not intended to prohibit existing uses that have been lawfully established prior to the enforcement of these regulations, unless otherwise specifically mentioned in this Master Plan. Zoning Regulations are essentially intended to help the competent authority in taking decisions regarding granting or refusal of permits for land development and construction of buildings/ structures.
7. If any portion of a zone is put to a "Use Prohibited" as stated in Para 4, before coming into operation of this Master Plan, such use shall be termed as *non-conforming use*. A non-conforming use may be allowed to continue in its existing location and essential repairs and maintenance for the structure may be permitted by the Secretary, provided that the said use create no adverse environmental influence in the zone. Addition, alteration or reconstruction, if found necessary as part of any mitigation measures may be permitted for such uses by the Secretary with the concurrence of the Town Planner. The total built up area of such non-conforming use shall not exceed 1.5 times the existing built up area.
8. Existing areas and structures of archaeological importance, agricultural uses and religious uses may be permitted to continue in all zones and shall not constitute non-conforming uses.
9. Subject to the zoning regulations of the respective use zones, more than one uses may be combined in a building, or as a group of building, provided that the built up area of any such use in the plot shall not exceed the maximum built up area permitted in that particular use zone for such use. For the purpose of these regulations, built up area means the total built up area of the building on all floors.
10. All future developments shall also be in conformity with the provisions of Kerala Municipality Building Rules, unless otherwise specified in these regulations or in any Detailed Town Planning Scheme in force.
11. Any construction/ land development shall be in conformity with the provisions in Disaster Management Act, Archaeological Sites and Remains Act, Environment Protection Act 1986 and other applicable statutes.
12. Provisions under the Kerala Conservation of Paddy Land and Wetland Act 2008, and its amendments from time to time, will prevail over the respective provisions of this master plan, but shall conform to widening of roads or new road alignments and special zones envisaged in this plan.
13. Silence Zone, as prescribed by the Noise Pollution (Regulation and Control) Rules, 2000 under the Environment (Protection) Act, 1986 and its subsequent amendments, shall be applicable to the area under this Master Plan.
14. Regulation of constructions and land developments on the sides of new roads /

roads proposed for widening as per the scheme shall be governed by the distance from the centreline of the road.

15. In the event of change in alignment of **New Road Proposals** in the Master Plan, after the commencement of land acquisition of the new alignment, the land parcels in stretches excluded from the original alignment may be changed to adjacent suitable land use zone with the concurrence of the Town Planner. This provision is applicable only to new road development proposals and not to widening proposal.
16. Operational constructions as defined in the Kerala Town and Country Planning Act, 2016 shall be treated as permitted use in the scheme area.
17. Expansion of existing Public and Semi Public Institutions and existing Industrial units including their incidental uses to adjacent plots shall be treated as permitted use irrespective of the zone in which such adjacent plot lies, except in recreation zone, traffic and transportation zone, Heritage zone, wet agriculture and water bodies and the development regulations imposed by such zoning, subject to the provisions of Paddy land and Wetland act in force, if applicable, or other applicable statutes.
18. Disaster mitigation projects by competent authorities shall be permitted in all zones.
19. Transmission / telecommunication towers, wireless station, ATMs, water tanks, waste management units and public utility buildings/structures shall be treated as permitted uses in all zones except in water bodies.
20. Projects of Central/ State Government, Local Self Government Institutions, Public Sector Undertakings and other Government Institutions may be permitted with concurrence of the Town Planner in all zones, even if such uses are not included in the permitted uses or restricted uses as per the zoning regulations applicable but shall conform to widening of roads or new road alignments envisaged in the scheme.
21. In case of uncertainty in identifying the alignment and boundary or a change in alignment or shift in plotting of thodu, canal, river, existing roads or railway line due to the absence of survey boundaries of the same in the Proposed Land Use Maps, it shall be referred to the actual position on ground as well as revenue records and decision taken by the Secretary in this regard shall be final.
22. The areas specially demarcated for certain projects as Special Zones are to be procured as per the provisions of the Kerala Town & Country Planning Act 2016, by Pattambi Municipality or other agencies concerned. If the proceedings to procure such land have not been initiated within 7 years from the date of sanctioning of this Master Plan, the areas so specifically demarcated may be released and assigned adaptable zone as mentioned in column (5) of clause 47, special zones in table 34.1, and on receipt of application for building permit on such lands after the above

stipulated period, the same shall be considered as per the zoning regulations of such assigned adaptable zone.

23. If different land use zones falls within a single plot, all uses permitted as per zoning regulations of such land use zones may be permitted by the Secretary in the plot. If application submitted includes any of the restricted uses and not included in such permitted uses, the Secretary shall issue permit with the concurrence of the Town Planner/Chief Town Planner, as the case may be. However, for the part of the plot which comes under water body zone, special zones, Recreational zone, and wet agriculture zone, this provision shall not be applicable.
24. Electric charging stations for vehicles may be permitted in all zones except in wet agriculture zone and water bodies
25. Large Scale development projects in an area of 1 hectare or more, exceeding an investment of Rs.100 Crores, which provide direct employment (after commissioning of the project) to the tune of not less than 200 may be permitted in all zones other than water body zone, if not included in the permitted uses or restricted uses as per zoning regulation applicable. In such cases, the recommendation of a committee with constitution as below shall be obtained, subject to satisfying the procedures laid out hereunder and the Secretary shall comply the same while issuing permit. Also, adequate provision shall be made for supporting infrastructure such as water supply, sewerage, solid waste management, power supply etc. Separate systems for management of solid waste and sewage shall be provided and maintained by the developer at his cost. The project shall be completed within a period of 5 years or as suggested by the Committee.

Procedure to be followed:

- (a) The developer shall submit the project report, detailing the demand, feasibility and Environmental Impact Assessment aspects of the project, together with the approval, if necessary, obtained from the Ministry of Environment and Forests, Government of India to the Convener of the committee and the Convener shall make all arrangements for convening meeting of the committee at the earliest and the committee shall consider and dispose off the project report within a period of one month from the date of receipt of the same.
- (b) The Convener shall fix the venue, date and time of the meeting in consultation with chairperson and shall be responsible for safe custody of records and communications thereof.
- (c) The meeting shall be presided over by the Chairperson or in his absence by a member to be authorised by him.

Principal Secretary/Secretary to Government, Local Self Government Department	Chairperson
The Director, Local Self Government Department (Urban)	Member
The Chief Town Planner, Local Self Government Department (Planning)	Convenor
The District officer of the LSGD (Planning) having jurisdiction over the district concerned	Member

- (d) The quorum of the meeting shall be majority of the total number of members of the committee for the project.
- (e) The developer shall also produce before the committee, all required clearances from the State and Central Government agencies concerned.
26. Any plot which falls in Industrial zone or Public & Semi Public zone or Crematorium and Burial grounds as per this master plan, and if the land use / building occupancy is changed/ proposed to be changed from its original use, then the Secretary may permit change in use or occupancy with the concurrence of the Town Planner by considering the uses permitted and restricted in the surrounding land use zones.
27. (a) Uses permitted in Residential zone, Town center and public and semi public zone shall also be permitted by the secretary , if not allowable otherwise as per the zoning regulations applicable, on both side of roads having proposed width of 10 m or more in Residential zone, Commercial zone, Town Centre, Public and Semi Public zone and Dry agriculture zone, in land up to a depth of 100m on both sides of such roads, provided the proposed width is already available.
- (b) Uses restricted in Residential zone, Town center and public and semi public zone shall also be permitted by the secretary , if not allowable otherwise as per the zoning regulations applicable, on both side of roads having proposed width of 10 m in Residential zone, Commercial zone, Town Centre, Public and Semi Public zone and Dry agriculture zone, in land up to a depth of 100m on both sides of such roads, provided the proposed width is already available but with the concurrence of the Town Planner or The Chief Town Planner as the case may be.
- (c) For roads which are not developed to such proposed width, the municipality may at any time levy development charges from the applicant for availing the above benefit for such roads. Such development charges shall be levied after due notification of the same, published in the official Gazette, subject to the provisions of Kerala Town & Country Planning Act 2016 and rules made there under, and with the previous sanction of the government.

28. An excess coverage of 10% over and above the respective KMBR provisions may be allowed by the secretary for Group F uses as per KMBR in commercial zone and Town centre zone by levying development charges by the municipality from the applicant. Such development charges shall be levied after due notification of the same, published in the official Gazette, subject to the provisions of Kerala Town & Country Planning Act 2016 and rules made there under, and with the previous sanction of the government. Post the levy of development charges and availing of 10% excess coverage as above, side yards may be exempted for such buildings uses in commercial zone and Town centre zone if the owner (s) of the plot (s) abutting the property under construction voluntarily agrees for the same in writing. This provisions is not applicable to high rise buildings.
29. If an access width of minimum 10m is available for a plot, all occupancies other than those under hazardous occupancy (as defined under KMBR in force) may be permitted in all zones, if not otherwise included as permitted/ restricted use in such zones , except in the case of Industrial zone, water body, and special zones with the concurrence of Town Planner. However such buildings/developments shall conform to road widening and new road proposals. In such cases, extra provision for 20% additional off street parking shall also be provided.
30. The Government shall have the power to issue clarifications in respect of technical interpretations, if any, required on any of the provisions of the Master Plan in consultation with the Chief Town Planner concerned of the Local Self Government Department (Planning).
31. For lands which are classified as a water body or similar use as per the revenue records or as per data bank, but is not included in water body zone in the proposed land use, zoning regulations of water body zone will be applicable to such lands.
